Welcome to the 2019-20 School Year

Welcome students, parents and staff for the 2019-20 Central Campus school year. We are very excited to have everyone returning to school and to meet all our new students and parents. We are excited about the learning that will take place this year and hope that everyone will continue to grow in knowledge, skills and character. Below you will find information regarding the first few days of school.

All of the images that are attached will be posted around the school to ensure that students find their way as easily as possible. Students should not hesitate to ask any staff member if they are confused, disorientated, upset or just need a little help. We are here to make this transition to Central Campus as smooth as possible.

If you know that your child will not be in attendance for the first few days of school, please call the office to notify us.
